

# TCU Storm Shelter Locations

The Emergency Storm Shelter list is to be used as a general guideline. Please know it is updated periodically to reflect new buildings or building renovations. Please contact the Risk Management Department at 817-257-7778 with any questions regarding Emergency Storm Shelters.

***In the event of severe weather, here are basic reminders when seeking shelter:***

1. Go to the lowest floor or basement level of the building you are in.
2. Stay away from rooms with large roof spans (lecture halls, gyms, etc.).
3. Try to place as many walls/doors between you and the outside wall of the building you are in (interior restrooms, interior closets, small interior conference rooms, etc.).
4. Have a flashlight or other light source (light stick, cellphone, etc.) available.
5. Monitor events through use of the radio, television, or internet.

***Please keep the following in mind when using the below Emergency Storm Shelter list:***

1. The list is sorted by the formal building name in alphabetical order. Please note this list may have multiple listings for building names.
- \*2. The below list references a campus map number. The campus map can be found on TCU's website at <http://www.maps.tcu.edu> under printable maps and then clicking on the campus map – color link option.
3. ***Restricted access*** denotes a building that is not accessible to the general public and may require TCU authorization to swipe enter with a TCU ID card.
4. While the majority of the campus buildings are open and accessible during business hours, please note that each building will restrict access after a certain time and would require TCU authorization to enter into the building after the designated operating times. Building operating hours are set based on a variety of factors from classroom schedules, athletic team season schedules, and business operating needs of the building.

For questions regarding your specific buildings operating schedule please contact your supervisor.

Please use the Search function (Ctrl +F) to quickly find your Storm Shelter information by formal building name.

In an event of an emergency at TCU always call TCU Police at (817) 257-7777.

The size and number of buildings on campus makes it very difficult for the local first responders to come to the property location, therefore calling TCU Police is the best method of notification. TCU Police can meet and guide the emergency responders to your location

Formal Building Name	General location	*Campus Map #	*Campus Map Building Identifier Code	
<b>Abell-Hanger House</b>	First floor corridor and restrooms and Rooms 401, 402, 403, and 404 ( <i>restricted access</i> )	B 6	Brite Divinity School	Residence Halls are considered <b>restricted access</b> and only accessible to assigned residents and authorized personnel.
